All standard scoring rules apply except that the finish bonus is only available if you turn TAU or CHA.

There is a broken triangle via CHA and TAU which you can fly in either direction with the usual remote start and finish control points. You can also return from CHA or TAU as your first TP.

From Taunton (TAU) AND Chard (CHA) you may fly a single out and return to any BGA turning point of your choice. (Note that BEA and DKY are only examples).

Only completed legs score. Score 2 pts/km on the TAU CHA circuit, 2 pts/km on completed O/Rs and 1 pt/km on the completed leg of an unsuccessful O/R.

Score 20 pts for each turning point used (there are a maximum of 4).

NOTAMs - Nothing significant within 50NM but there will be intense Lynx traffic between Yeovilton and Exeter - use your radios!
