

1. The Civil Aviation Authority, pursuant to article 92(1)(b) of the Air Navigation Order 2016 (as amended), hereby permits any glider, hereinafter called "the said aircraft", operated by **Devon & Somerset Gliding Club** to be launched by winch and cable or by ground tow to a height of more than 60 metres above ground level.
2. This permission is granted subject to the following conditions:
  - (a) the said aircraft shall only be launched from **North Hill, Devon (505107N 0031639W)**;
  - (b) the said aircraft shall not be launched to a height of more than **3000 feet** above ground level;
  - (c) the commander of the said aircraft shall comply with the operating rules of the operator;
  - (d) no launch may be commenced or continued at night;
  - (e) the said aircraft shall not be launched pursuant to this Permission unless:-
    - i. the said aircraft remains clear of cloud, in sight of the surface and in a flight visibility of at least 5 kilometers throughout and at completion of the launch;
    - ii. where an established signals area exists, the ground conspicuity marking as specified in SERA Appendix 1 'Signals 3.2.8'<sup>1</sup> is displayed at all times that launching by winch and cable or by ground tow is taking place;
  - (f) Launching pursuant to this Permission shall take place in accordance with the terms of a letter of agreement between the operator and the relevant controlling authority for Dunkeswell Aerodrome;
3. This Permission (AL2) shall have effect from sunrise to sunset **between 07 November 2022 and 31 December 2025** and replaces the amended (AL1) Permission dated 31 October 2022.

<sup>1</sup> 3.2.8. Sailplane flights in operation

3.2.8.1. A double white cross displayed horizontally in the signal area indicates that the aerodrome is being used by sailplanes and that sailplane flights are being performed.  
Note: The double white cross is 12 metres wide by 6 metres deep with the bars of the cross being 1 metre wide.
