6.Point	AST	Aston Down	40.5km	345°
7.Point	ADF	Andoversford	22.2km	31°
Finish	BID	Bidford	30.5km	15°

All standard scoring rules apply.

There is a line of TPs running to the NE. You may fly multiple legs along the line with the following restrictions. 1. The outer turning point on each leg must always be closer to NHL than any previously used as an outer TP. 2. Each TP may be used only once.

Score 1pt/km using distances between TPs from the list above. Score 10pts for each TP turned (not just visited). When returning to NHL add 7km for the leg from CLS to NHL.

NOTAM info: Nil significant within 15km of the line except:
Parachute Jumping 2nm rad Cirencester 1335-1410, Air Display 3nm rad Wadswick (SE Colerne) 1310-1345.
Not checked outside that zone.

Remember to put any radio clearances on the scoresheet!
