10.Point	BWE	Bridgwater E	N51°07.433'	W002°58.236'	18.2km	90°
11.Point	GLA	Glastonbury	N51°08.885'	W002°42.741'	18.3km	81°
Finish	NHL	North Hill	N50°51.158'	W003°16.076'	51.0km	230°

Start - North Hill

Fly through any of the specified Waypoints to score Bonus Points

Tintagel will score an additional 25 Bonus Points. It is not an official BGA Waypoint but the coordinates shown are accurate. It is highly visible, and it will also gain a coastal crossing if you fly round it. Use the chart! Special prize (but no extra points) for the best photo on "Comp Ent 2023"

Glastonbury Turnpoint is in the town but there will be an additional bonus of 5 points if you actually fly round the Tor.

Again fairly visible and a few feet outside the 1k ring to the SE.

Finish - North Hill

Standard Bonus Points for Coastal Crossings

Note there are two coastal zones either side of Hartland Point!

Land back Bonus - 20% added to OLC distance

Coastal crossings and Height bonuses as normal

Land back Bonus - 20% added to their distance score.

A glider which starts its engine outside the start zone and motors back to NHL will incur a penalty of 10% deducted from their distance score.
